

# CPSC 526 Assignment 6

## IRC Botnet

Geordie Tait T02  
10013837

### How to compile

```
gcc -o bot a6bot.c && gcc -o conbot a6con.c
```

### How to run

```
./bot hostname port channel secret_phrase
```

```
./conbot hostname port channel secret_phrase
```

where `hostname` and `port` refer to an IRC server  
    `channel` is the channel to join (omit the #)  
    `secret_phrase` is the authorization phrase
